

13 Feb 67

Mr. Bannerman via Mr. Warfield via Mr. [REDACTED]

STATINTL

1. Commo is asking to be allowed to spend \$283,000 whereas \$200,000 was budgeted in FY 1967.

2. I think you can approve their reprogramming of this amount and they need not go to Colonel White for his approval. *

3. I recommend that we either rewrite this for your approval or just substitute "approval" for "Concurrence" and X out "Executive Director-Comptroller."

If this one goes through without change, I do not change the delegation. AM.

STATINTL

* I base this on the attached delegation of authority by the DDCI. Since the increase is \$83,000 it does not exceed the limitation as shown at Tab A.
